

Getting Started In 7 Steps

1 Complete Inquiry Form

2 Allow 24 hours for one of our Intake Coordinators to contact you

3 Complete and provide requested documents

4 Our Intake Coordinator will complete a complimentary insurance and benefits verification on your behalf. Once finalized, we will review all details with you to ensure you fully understand your coverage and feel confident moving forward. Please see our resource page for more guidance on insurance

5 Complete an ABA Assessment with our Creative Crew

6 Recieve insurance Approval

7 Start on going Therapy

Our Commitment

At Creative Therapy Solution, we provide ethical, compassionate, and data-driven ABA services that prioritize dignity, growth, and meaningful outcomes for every child and family we serve. As a BCBA-owned organization, we uphold the highest standards of clinical excellence, transparency, and accountability.

Clinical Excellence

Individualized, evidence-based treatment plans are developed and supervised by Board Certified Behavior Analysts (BCBAs). Progress is continuously measured through objective data and reviewed regularly to ensure effectiveness.

Ethical & Person-Centered Care

We follow the BACB Ethics Code and honor neurodiversity, client dignity, and assent. Families are active partners in care, and each child's strengths, culture, and preferences are respected.

Accountability & Transparency

Decisions are guided by real-time data. We communicate clearly about goals and progress while maintaining strong quality assurance practices and compliance with funder and regulatory standards.

Training, Safety & Compliance

Our team receives structured training, ongoing supervision, and continuing education. We maintain rigorous safety protocols, background checks, and strict confidentiality standards to protect every client we serve.

Note: We can not guarantee outcomes
